

System Requirements

Please use the latest two versions of Google Chrome, Firefox, Safari, or Microsoft Edge. If you are not sure if your browser is the latest, use this link <https://www.whatsmybrowser.org>.

Google Chrome

Firefox

Safari

Microsoft Edge

Do not use Internet Explorer. Internet Explorer is an outdated browser. OnDemand will not function correctly in Internet Explorer.

Please use the latest two versions of Windows or Mac (or an Android or iOS smartphone). If you are unsure if your software is up to date:

Windows:

1. Click the start button.
2. Type “winver” in the search box and press Enter.
3. The About Windows box will open with your Windows version information.

Mac

1. Click the Apple menu.
2. Select About This Mac.
3. The name and version of your Mac’s operating system appears on the “Overview” tab in the About This Mac window.

iOS Smartphones

1. Tap the Settings App.
2. Tap General.
3. Tap Software Update.
4. The Software Update screen will let you know if your software is up to date or if there are updates that need to be applied.

Android Smartphones

1. Tap Settings.
2. Tap About Phone.
3. Tap Check for Updates. If an update is available an update button will appear. If not, your software is up to date.
